Parade

Meg Myers

He looks at me but I look away
He is my secret lover, I'm his parade
No, I won't die alone
No, I can't let it showCause I really love you baby
But I'll never love you, baby
Yeah, you're more than enough, it's crazy
But I'll never love you, babyHe kisses me but I turn away
He is all I ever wanted, I count the days
No, I won't die alone
No, I can't let it showCause I really love you, baby
But I'll never love you, baby
Yeah, you're more than enough, it's crazy
But I'll never love you, baby
