Dream Run

[Parkway Drive](#)

Do you remember all those nights
When we stood side by side
And we said " we'll save the goodbyes"
The night is young
We still have time
In my dreams I see it ending
I see I see the sky descending
And I let the sadness empty from my heart
Cause in my dreams I feel I'm falling
And I hear the darkness calling
Don't wake me up until the morning's light
Because I've never felt more alive
Do you remember all those nights
When we stood side by side
And we said ' we'll save the goodbyes"
The night is young
Well I never want to press rewind
Every mistake that lead us here
I wouldn't change for anything x3
Dear girl, there is a world that stands between us and them
See this was never about giving up, just giving in

Because you only live once
But you spend your whole life dying
So when it all comes crashing, know you're not alone
You're not alone
You only live once
So when it comes crashing, know you're not alone
Alone x3
Welcome to death with all our sins
There is no fear when this life ends x2
Welcome to death with all our sins
There is no fear x3
Do you remember x2
Do you remember all those nights
When we stood side by side
And we said " we'll save the goodbyes"
The night is young x2
We still have time

Cause I never felt more alive x3.
Alive x4
