Real World (1996 Remastered Version)

Buzzcocks

I'm in love with the real world
It's mutual or so it seems
'cause only in the real world
Do things happen like they do in my dreams
Some of the rules may be different
But maybe they'll stay the same
In the real world
In the real world
In the real world
We both win when we play the same gameI'm in love with somebody
I wish somebody loved me too
You may wonder how this concerns you
Well perhaps the somebody is you
I don't even know what your name is
But I just hope that you'll stay
In the real world
In the real world
In the real world
Things happen this wayI'm in love with somebody
I wish somebody loved me too
You may wonder how this concerns you
Well perhaps the somebody is you
I don't even know what your name is
But I just hope that you'll stay
In the real world
In the real world
In the real world
We both win when we play the same game
In the real world
In a real world
In a real world
By the way what's your name
