Live It Up

Deepside Deejays

yeah, i ain't got a care in the world tonight
we really worry about nothing
had a long day, all day all my life, i've been waiting for this moment
so i gotta live it up, live it up, live it up
live it up, live it up, live it up
ok, bitch what's happening,
heard your boyfriend sheep like plastic
we in the same demographic
you know i gotta do a jurassic
now, toast to the young and the reckless
no drama like the young and the restless
thank god then i roll up breakfast
fat boy roll a second
hello, good night,
might, tip her if she look right
just keep on dancing, money talking
i keep on rambling
elephant in the room i'm ... in
i'ma take my chances, go hard, go home
it could just be to put your own butt
yeah, i ain't got a care in the world tonight
we really worry about nothing
had a long day, all day all my life, i've been waiting for this moment
so i gotta live it up, live it up, live it up
live it up, live it up, live it up
living it up, see me shaded up in the cut
women with us with a little something in my cup
not giving a fuck, you remember us
yeah we looking different huh
cause ... super chick

hello racks, what i'ma do with these
spend it .. on fast cars, clothes and jewelry
i'ma do it like i do my ...
she foolish if she asking ... like 2 or 3
but everybody who knows what's up, they know what's up
they see that ... and they know it's us
we toast it, for our success,
so pour ca up and put it up for the og's

who did it before us
for all the all homies who passed that be getting this cake
and every inhale i take say i did it for name
life is too short so every day, we celebrate like it's our last day
yeah, i ain't got a care in the world tonight
we really worry about nothing
had a long day, all day all my life, i've been waiting for this moment
had a long day, all day all my life, i've been waiting for this moment
so i gotta live it up, live it up, live it up
live it up, live it up, live it up
yeah, like it ain't no tomorrow
i'm just trying to forget my sorrow
stand on the waist with my hand on the bottle
till i'm dream or die is the motto
up all night no sleep till the morning
really wish i could seize this moment
hi to the haters, greet my opponents
if you ain't already know this
yeah, i ain't got a care in the world tonight
we really worry about nothing
had a long day, all day all my life, i've been waiting for this moment
so i gotta live it up, live it up, live it up
live it up, live it up, live it up.
