Use Me (Lead Vox Up Version)

Plus One

Use me, teach me
Use me, teach meLove look what You've done to me
Not a sound, snuck up on me
Double take and I'm turned around, aroundSo many nights I lie awake
Hoping it was not too late
Try to go then hesitate but now, but nowI've gotta face the facts
(Can't run away or hold it back)
I'm gonna give it all I have
(And I want You to)Use me, teach me
(I want to go wherever You need me)
Take me, lead me
('Cause I know in my soul that You won't deceive me)
Use me, reach me
(See right where you are is where I want to be)
And I'm ready to give my heart awayCome on and use me
(Come on and use me)It's a tug of war sometimes
And life's reversed this time
But there's nothing I can't deal
I can't deal withThis time I could prove to You
I'm the man You say You always knew
Got a lot that I mean for real, for realI've gotta face the facts
(Can't run away or hold it back)
I wanna share all that I've learned
(I want You to)Use me, teach me
(I want to go wherever You need me)
Take me, lead me
('Cause I know in my soul that You won't deceive me)
Use me, reach me
(See right where You are is where I want to be)
And I'm ready to give my heart awayCome on and use me
Come on and use me
('Cause I'll never be afraid to give You anything You want)
Come on and use me
You gotta use me
('Cause I need to make it easy when the others make it hard)Come on and use me
Come on and use me
('Cause I'll never be afraid to give You anything You want)
Come on and use me
You gotta use me

('Cause I need to make it easy when the others make it hard)Use me, teach me
(I want to go wherever You need me)
Take me, lead me
('Cause I know in my soul that You won't deceive me)
Use me, reach me
(See right where You are is where I want to be)
And I'm ready to give my heart awayCome on and use me, teach me
(I want to go wherever You need me)
Take me, lead me
('Cause I know in my soul that You won't deceive me)
Use me, reach me
(See right where You are is where I want to be)
And I'm ready to give my heart away
Come on and use me
