

She's Got A Problem (live)

Fountains Of Wayne

I know a girl who should never be alone (Ahhh ahhh ahhh)

I know a girl who should never be alone (Ahhh ahhh ahhh)

She's a danger to herself

And I'm worried about her health

She's got a problem

And she's gonna do something dumb

I know a girl who you've got to keep an eye on (Ahhh ahhh ahhh)

I know a girl who you've got to keep an eye on (Ahhh ahhh ahhh)

Every time she goes outside

She barely gets home alive

She's got a problem

And she's gonna do something dumb

Oh yeah (oh yeah)

And I can see the signs

Oh yeah (oh yeah)

Cause she's only killing time

Oh yeah (oh yeah)

And she's not long for this world

She's a danger to herself

And I'm worried about her health

She's got a problem

And she's gonna do something dumb

She's got a problem

And she's gonna do something dumb
