

Decoys Like Curves

Hopesfall

We drove these streets
Heads to shoulders, heads to shoulders Existing to tell the tales of letting go
And now we're strangled to tears on the fall back
Existing to tell the tales of letting go
And now we're strangled to tears on the fall back Reasons found decoy, this is holding me back
As if to say what you thought you heard
Reasons found decoy, this is holding me back
As if to say what you thought you heard It's all in our heads, the faint whispers on the fall back farewell
I wish I did, I don't want to feel this pull
As the city becomes
I wish I did, I don't want to feel this pull
As the city becomes Reasons found decoy, this is holding me back
Reasons found decoy, this is holding me back
Reasons found decoy, this is holding me back
Reasons found decoy, this is holding me back
Reasons found decoy, this is holding me back
Reasons found decoy, this is holding me back
