Let It Start In Me

Gaither Vocal Band

Todd:
There's a dawn arising on a brand new day
There's a strong wind stirring 'cross the ancient graves
There's a voice that's calling 'will you be set free?'
There's a change a coming
Let it start in meChorus
Let it start in me
Let it start in me
There's a change a coming
Let it start in meAdam:
There's a fire that's burning sweeping 'cross this land
There's a heat consuming every evil plan
There is gold emerging from refining flame
There's a diamond sparkling
Where there once was shameWes:
There's a revolution cavaliering o'er the sea
We all know it's coming people must be free
Feel the tides feel the tides a changing
Hear the waves roll in
Let this revolution wash away our sinChorus
Let it start in me
Let it start in me
There's a change a coming
Let it start in meRepeat chorusDavid:
There's a storm a brewing
There's the sound of rain
When the thunder's rumbling 'cross the thirsty plain
Let the drought be over if we just believe that the rains are coming
Let it rain on meRepeat chorus 3 timesLet it start, let it start in me
