

# This Little Bird

**Marianne Faithfull**

There's a little bird that somebody sends  
Down to the earth to live on the wind  
Borne on the wind and he sleeps on the wind  
This little bird that somebody sends He's light and fragile and feathered sky blue  
So thin and graceful, the sun shines through  
This little bird who lives on the wind  
This little bird that somebody sends He flies so high up in the sky  
Out of reach of human eye  
And the only time that he touches the ground  
Is when that little bird, is when that little bird  
Is when that little bird dies
