No Other

Q-IC

Yeah, yeah
Can you hear me?
HeyToo hot to just stay, ain't gonna let you go baby
Why don't we dance slow?
You take me away from here
I don't see nobody else here but youDon't worry about nobody else baby
'Cause they ain't worried 'bout you
Just work with my body, put that thing on me
See there ain't no other manAin't no other man stole my heart the way you do
Ain't no other girl livin'
No other girl livin' who'd love you like I couldHey, hey, alright
Hey, hey, heySo that's why I wanna push up, up on ya, hey
'Cause I'd be a fool to pass up, up on ya, hey
So give me your lovin', I wanna get to know, yeah my baby
'Cause ain't no other man loved me the way you do
See there ain't no other manAin't no other man stole my heart the way you do
Ain't no other girl livin'
No other girl livin' who'd love you like I couldHey, hey
Hey, heyAin't no other man stole my heart the way you do
Ain't no other girl livin' who'd love you like I couldSo don't hold back, let's live the story
Oh how I adore thee, oh how you adore me
You're just right, my type, my type
I like hard to run, but I like KC's FerrariI could never bore you, you could never bore me
If I was your shawty, I could be, I should be your shawty
My love is genuine, relevant, no heartbeat, so put it on me
Go off like a [Incomprehensible]You can make it shine on the days that are stormy
Little body heat, rubbin' little feet
Now we go from cold to warm sheets
Gotcha feelin' on these warm cheeks
You without me, hardlyHey, hey, can you hear me?
Hey, heyAin't no other man stole my heart the way you do
Ain't no other girl livin' who'd love you like I couldHey, hey, can you hear me?
Hey, hey, no, no, no, no, noAin't no other man stole my heart the way you do
Ain't no other girl livin' who'd love you like I couldCan you hear me?
HeyAin't nobody else
See baby there ain't another love
Baby, there ain't another woman who'd do you like I could do
