

# Joker Love

Cameron J

Joker joker love, joker joker love(x3)  
I'm tryna get up, you're keeping me down  
Don't know what I'm doing keeping you around  
Diamond in the rough, that is what I are  
Maybe I'm a winner, maybe I'm a star  
Macy's pastibitic, she knows all your secrets  
But I know she won't tell, I know she gone keep it  
I know you cheating, why ain't I leaving oh

Cause I'm caught up up in this game  
Tryna win but I know you won't change  
Poker face on, now stay  
Baby if you wanna play (let's play)

Ace, Joker, Joker, Jack, King, King, Queen(x3)  
Say we love each other but we don't know what that means  
Ace, Joker, Joker, Jack, King, King, Queen(x3)  
Say we love each other, I know you're a joker lover

I'm gone break, break your heart  
You're gone break, break my heart  
Baby, I don't know why we are wasting our time, eh  
Break, break your heart  
Break, break my heart  
I don't know why we are wasting our time, eh

Joker, joker love, joker, joker love(x3)  
Joker love

You be in the club, when the beat drops  
I heard all about it, maybe we should stop  
Stop playing the fool, you playing to lose  
If this is love, we're breaking all the rules

I'm caught up, up in this game  
Tryna wait but I know you won't change  
Poker on, now stay  
Baby if you wanna play, lets play

Ace, Joker, Joker, Jack, King, King, Queen(x3)

Say we love each other, but we don't know what that means

Ace, Joker, Joker, Jack, King, King, Queen(x3)

Say we love each other, I know you're a joker lover

I'm gone break, break your heart

You're gone break, break my heart

Baby, I don't know why we are wasting our time, eh

Break, break your heart

Break, break my heart

I don't know why we are wasting our time, eh

I could be in Hollywood

Those flashing lights would keep you off my mind

You got your chains on me, I can't break free

I don't know why, no

Joker joker love, joker joker love(x3)
