Deep Sleep

Therapy?

Time toffee molten on the mantle
Freeze frame sound hangs in the air
My thoughts ebbing in slow motion
In limbo more than anywhereJust a sleepy headBreast fed on the thought of leaving
Dead head drowning in a dream
Switched off swimming to surrender
I'm home, comatose and lostJust a sleepy head
Dying in your bedTime toffee melted on the mantle
Freeze frame sound falls from the air
My thoughts drift in slow motion
In limbo now and I don't careJust a sleepy head
