

Holiday Celebrate

Toni Braxton

I'm ready and waiting for you
'Cause you said, you're on your way
I'm so excited
'Cause this is my favorite holiday Gifts are under the tree
Dinner for you and me
How special it could be?
'Cause you and I are here Make all your favorite treats
So glad that it will be
You and me on this Christmas holiday Holiday, celebrate
Making out with my babe
Holidays in the snow
Kissing under mistletoe I'm thinking about all the things we can do
When I see you tonight
I'm so excited 'cause everybody's here
Let's dance all night We'll be counting down to two
Crystal for me and you
That's what we came to do
We came to have some fun Joy and laughter's in the air
So glad that we can share
You and me on this Christmas holiday Holiday, celebrate
Making out with my babe
Holidays in the snow
Kissing under mistletoe Holiday, celebrate
Making out with my babe
Holidays in the snow
Kissing under mistletoe All of the things I'm gonna do celebrating with you, baby
All of the things I'm gonna do when we're alone, ooh baby
We're gonna go insane, dance in snowy rain
Even drink champagne to be alone and celebrate Holiday, celebrate
Making out with my babe
Holiday in the snow
Kissing under mistletoe Holiday, celebrate
Making out with my babe
Holiday in the snow
Kissing under mistletoe Holiday, celebrate
Making out with my babe
Holiday in the snow
Kissing under mistletoe Holiday, celebrate
Making out with my babe

Holiday in the snow
Kissing under mistletoe
Holiday, celebrate
Making out with my babe
Holiday in the snow
Kissing under mistletoe
