

Pep Rally

Missy Elliott

[Missy]

Uptown, clappers...

Everywhere we get down

It's 'bout to go down

Are you ready? On your mark

Get set, let's go

It goes left foot, it goes right foot

It goes left foot, it goes right foot

Catch the wall, touch them toes

Turn around like it's gold

Back it up, back it up, so you know you got control Let me hit you with that

Pep rally, pep rally, pep rally

Oh, this a pep rally

Pep rally, pep rally, pep rally

Oh, this a pep rally Pep rally, my friends be at the pep rally

Screaming and shaking, man, we at the pep rally

Aw, aw, aw, go 'head and dip at it

The go-go playing my jam, now let me shake my jelly

Jumping and thumping, man, I got the crowd yelling

Get it, and kick it, kick it, kick it, there's no telling

Aw, aw, aw, you better move Ellen

I got a nice round woo like a watermelon

Aw, yeah you play the point guard

Hitting three corners, man, they playing real hard

My team be with it, yeah, so keep your day job

I turn around and make it bounce like a basketball Bounce, biggity bounce, biggity-biggity bounce, bounce

Where my clappers that stomp? Now rock with it

Bounce, biggity bounce, biggity-biggity bounce, bounce

Where my clappers that stomp? Now rock with it

Clappers that stomp, clappers that

Clappers that stomp, clappers that

Clappers that stomp, clappers that

Clappers that stomp, clappers that

Clappers that stomp, clappers that

Clappers that stomp, clappers that

Clappers that, clappers that stop

Clappers that stomp Uptown, downtown

Everywhere we get down

It's 'bout to go down

Are you ready? On your mark
 Get set, let's go
 It goes left foot, it goes right foot
 It goes left foot, it goes right foot
 Catch the wall, touch them toes
 Turn around like it's gold
 Back it up, back it up, so you know you got control Let me hit you with that
 Pep rally, pep rally, pep rally

 Pep rally, pep rally, pep rally
 Oh, this a pep rally Rocking not stopping, bend over go 'head touch your toes
 Get it, now get it, now let your bottom scrape the floor
 Bouncing and bouncing, now stop, drop, rock and roll
 And yeah we get crackin' like we up at the Superbowl

 Football player running yard, got skills
 At the ball game, pep rally over here
 The band in the stands, shit just got real
 Turn out, turn out, turn out, turn out, turn out
 Turn out, turn out, turn out, turn out, turn out
 Turn out, turn out, turn out, turn out, turn out
 Like a basketball lover, make 'em bounce Bounce, biggity bounce, biggity-biggity bounce, bounce
 Where my clappers that stomp? Now rock with it
 Bounce, biggity bounce, biggity-biggity bounce, bounce
 Where my clappers that stomp? Now rock with it
 Clappers that stomp, clappers that
 Clappers that stomp, clappers that
 Clappers that stomp, clappers that
 Clappers that stomp, clappers that
 Clappers that stomp, clappers that
 Clappers that stomp, clappers that
 Clappers that, clappers that stop
 Clappers that stomp Uptown, downtown
 Everywhere we get down
 It's 'bout to go down
 Are you ready? On your mark
 Get set, let's go
 It goes left foot, it goes right foot
 It goes left foot, it goes right foot
 Catch the wall, touch them toes
 Turn around like it's gold
 Back it up, back it up, so you know you got control Well let me hit you with that
 Turn around, rotate
 Feel that, let it vibrate
 Two-step, let your body sway

This a battle of the bands, this a drum break
Majorettes on the school yard
Where my drum majors? Pull out your bullhorn
Fools be getting drunk, acting like morons
The football team be winning get your score on
Oh, oh yeah this a pep rally
Murkin' and working yeah this be a pep rally
Kicking, kick it, kick it, you better move Ellen
I'm 'bout to whip it, whip it like potato salad

When this song come on, bounce your ass like a basketball Bounce, biggity bounce, biggity-biggity bounce,
