From America to China
Playa' all I love is vagina
From America to China
Playa' all I want is vagina
If you keep your pussy tight
Then your man will do right, yeah
If you keep your pussy tight
Then your man will do right
If you got pussy skills, yeah
Then your man will pay the bills
If you got pussy skills, what up
Then your man will pay the bills, oh, what
She got pussy power, work your muscle, babe
You got pussy power, work your muscle, babe
You got pussy power, work your muscle, babe
You got pussy power, work your muscle, babe
Ok lets make some comparisons right now
Your motherfucking shoes dusty as a motherfucker
Her shoes brand new that's pussy power
She is 'round this bitch with another bitch
Kissing in the club her and another bitch that's pussy power
Turn another bitch to another bitch
Your stupid ass in your house hot as a mother fucker
Air-conditioner not working
Nothing working and you talking about you love her
That's pussy power 'cause you spent money with her
Looking at your mother fucking head your hair do all
fucked up
And this bitch got like 12 stacks in her head, old school bitch
She got like stacks on the left, stacks on the right
Thats pussy power, you heard
You 'round this bitch telling your friends
You know you will co-sign on her house
Get your credit get all swamped and shit
Let the hoe use your name and all that kind of shit
Your motherfucking checkbook got her name on it
Not your fucking name that's pussy power
All the ladies go pussy power, yeah, yeah, yeah
