Look into my eyes, tell me your alive
Look into my eyes, can you hear me now? Can you hear us now?
Speaking the words
That would never cross your mind Can you hear us now?
Hope you fail, once you bury the bodies
And you can't live without it I'm in your head, I won't forget
Your love is dead and you got nothing left
Your love is dead and we've all been broken Sorry to say we're so better off
Sorry to say your wrong Can you hear us now?
Speaking the words
That would never cross your mind Can you see us now?
Hope you fail, once you bury the bodies
And you can't live without it Yet you can't breathe without it
And you cant live without it Don't talk so much
Your a liar, you don't need to breathe
You said, you said, you said we're done
We see right through you Can you hear us now?
Speaking the words
That would never cross your mind Can you see us now?
Hope you fail, once you bury the body
And you can't live without it And you can't breathe without it
And you can't live without it
