Sand Castles In the Snow

Public Image Ltd.

Madmen fry
This is bad for their health
In the midday sky
Everything has its appointed hourGet down on their knees
Why should the devil have all of the good tunes
But the sand won't freeze
Those that do you wrong will never forgive you(Deciding on decisions)
Deciding on decisions
A war between the ears
(Laughing like a madman)
Laughing like a madman
Laughing at the madmanOn the barren waste
With the mind of roadworks full of parked cars
You'll decorate
An incident of original sinWith skull and bone
An accident of true distinction
Your final home
You spoke too quick, now count the stars(Deciding on decisions)
Deciding on decisions
A war between your ears
(You're laughing like a madman)
You're laughing like a madman
Laughing at the madmanEvaporation
DehydrationAn incident of original sin
With this skull and bones
Dehydrating on the desert sandsRaised my height
Took an all-time low
Took away a little part of me
Sand castles in the snowAnd everything you knew
Has turned its back on you
Sand castles in the snow(Deciding on decisions)
Deciding on decisionsWell I raised my heights
(Deciding on decisions)
Took an all-time low
I'm laughing at this madman
(Laughing at the madman)And all these things
(Deciding on decisions)
You did and said
And all these things

Running through my headLaughing at the madman
Deciding on decisions
