

Clouds (Feat. Amber Webber & Stephen McBean)

UNKLE

You are lightning bolt
Yes we must find a way
To conduct your energy
To a life machine well you are
Softly shaking electricity
Softly shaking electricity
Well you are
Static hair in a cloud machine
Static hair in a cloud machine....well you are
Softly shaking electricity
Softly shaking electricity
Well you are
Static hair in a cloud machine
Static hair in a cloud machine....you are lightning bolt
Yes we must find a way
To conduct your energy
To a life machine well you are
Softly shaking electricity
Softly shaking electricity well you are
Static hair in a cloud machine
Static hair in a cloud machine.... x10 you are lightning bolt
Yes we must find a way...
