Starting to Fly

Grey Daze

I never had,YeahI know the answers from the words of the prophet
I've seen the light through the fingers
Made of magic
I've seen an image of the future,
It's a vision and I know who you are,yeahGo away can't you see you're not real
Open your eye some place far away
I've seen the ocean and I've seen the sky
I've got my wings and I'm starting to flyI met a poet tonight behind the masses
I sang a song about my many true
Addictions
I saw myself in a hole, down below
And I know who you are,yeah
