

Weakness

Jeremy Zucker

[Chorus]

I told you once I swear to god I don't need you
And I wrote that on my heart to see the words bleed through
Let the fire fall as you put down your cigarette
You know that I always hated that shit[Hook]

You're my weakness

You're my weakness

(You're my weakness)[Verse 1]

I seem to be trying I am but see you're used to that
You call when you need me I'll hesitate and call you back
And I'll say I'm sorry like its overdue, and I'm over you
But I won't believe it, spill me your secrets I'll keep them close[Hook]

You're my weakness

X2[Verse 2]

Wear excuses on my sleeve

Hide my heart for you to keep

I've been falling for you slow, you know

I've been falling for you slow

Forgot where to begin

After all of this you know, I'm in

I've been falling for you slow

I went out on a limb

After all of this you know[Hook]

You're my weakness

You're my weakness

You're my weakness

You're my weakness

(You're my weakness)[Chorus]

I told you once I swear to god I don't need you
And I wrote that on my heart to see the words bleed through
