

# Radioactive (Remix feat. West Angeles Mass Choir)

## Kings of Leon

When road is carved up yonder  
I hope you see me there  
It's in the water, it's where you came from  
It's in the water, it's where you came from And the crowd begins to wander  
And they cry to see your face It's in the water, it's in the story of where you came from  
Your sons and daughters in all their glory it's gonna shape 'em  
And when they pledge and come together, and start arising  
Just drink the water where you came from, where you came from The road it was carved from nothing  
Never sold yourself away It's in the water, it's in the story of where you came from  
Your sons and daughters in all their glory its gonna shape 'em  
And when they pledge and come together, and start arising  
Just drink the water where you came from, where you came from  
It's in the water where you came from  
It's in the water where you came from  
It's in the water where you came from And when they pledge and come together and start arising  
Just drink the water where you came from where you came from
