

Truth Is (Soulmind Productions Remix)

Brother Ali

Truth is here the truth is here
Truth is here the truth is here
Truth is here the truth is here
I said the truth is here the truth is here I want more
Give me more
We want more
God damn it I'm back to demand we get more
We want more
I want more and more and more
I want more
We need more
I want more
God damn it I'm back to demand we get more
Give me more
I want more and more and more I stand here naked as the day I was born
Face to the dawn and my faith in the song
Blood soaking the pages I painted em' on
And none of ya'll will take my place when I'm gone
I'm the pure raw uncut, who the fuck want what
Here to show you sucker ass mutts what's the fucks what
Brother Ali vow solemnly not to die
While the music is still inside of me
It's got to be allowed to breathe
Got to let it out enough at least
To let the monster flee
I want more than what your offering me
Songs that make me feel like I'm already free
I'm a rebel in my own right
Ya'll don't want to write or think
Or speak a rhyme standing next to me
When the game need it I'm exactly what it need
Put the soul in the speech, let it go, let it be [Chorus]
I want more
We need more
I want, god damn it I'm back to demand we get more
Give me more
I want more and more and more
I want more
We need more

I want, god damn it I'm back to demand we get more
Give me more
I want more and more and more I said the truth is here the truth is here
Truth is here the truth is here
Truth is here the truth is here
Truth is here the truth is Not nearly a single solitary soul
Still put the kind of passion to the mic that I hold
One day it'll have to be pried from my cold dead hand
Until then the big man is gold
Got one lone reason to go on breathing
Climb into the zone of the evening, keep reaching
Just to pull more out the core of the demon
The people need to see them pure human being
Blood, sweat, love, hate, life, death, joy, pain
Little child running wild striped to the raw veins
Rugged junkyard dog off the chain, barefoot balls out marching in the rain
Sacred war dance suspended in the moment
We throw the fuck down like our lives depended on it
Jaws of the streets with our heart on our sleeve
Throwing shots at the law which is all I believe [Chorus] Our songs are supposed to be the voice of our soul
Not bought and sold, not all controlled
Bring a little fire when the world get cold
Let me shed a few tears and to me you went gold
People need more freedom
Children need to hear more truth when ya'll teach em'
Damn I want to hear a plan from the dude preaching
Got new seeds with true needs and who's leading
I truly believe every word I've ever uttered on a drum break
Right or wrong, life go on but it wasn't nothing fake
I demand you start listening to the crowd
If no, we gon' burn this bitch to the ground [Chorus] I said the truth is here the truth is here
Truth is here the truth is here
Truth is here the truth is here
Truth is here the truth is
