

# What's The Matter Man

## Rollins Band

What's hard to an alien man?  
Well you never know what's real  
Just a card in someones deck  
You get dealt and that's the dealWhat's the matter, man?  
Is the time not right?  
What's the matter, man?  
Are you wrapped too tight?  
What's the matter, man?  
Is the feelin' gone?  
What's the matter?What's the matter, man?  
What's the matter with you?  
What's the matter, man?  
What's the matter with you?Hooked up to a million tubes  
Addicted to another's dream  
So many ways to pay and pay  
Without ever gettin' what you needI'm not adverse to bein' alone  
If it means I get to keep my mind  
I'm not adverse to losin' it all  
If I get to leave it all behindWhat's the matter, man?  
Is the time not right?  
What's the matter, man?  
Are you wrapped too tight?  
What's the matter, man?  
Is the feelin' gone?  
What's the matter?What's the matter, man?  
What's the matter with you?  
What's the matter, man?  
What's the matter with you?  
HeyWhat's the matter, man?  
What's the matter with you?  
What's the matter, man?  
What's the matter with you?Don't stray or now you're gonna pay  
Or now you're gonna pay  
Or now you're gonna pay and pay and payWhat's the matter, man?  
Is the time not right?  
What's the matter, man?  
Are you wrapped too tight?  
What's the matter, man?  
Is the feelin' gone?

What's the matter?What's the matter, man?

What's the matter with you?

What's the matter, man?

What's the matter with you?
