I Just Got Back from Hell

Gary Allan

I just got back from hell
And I'm standin' here alive
I know it's really hard to tell
Don't know how I survivedBut I can't say that I'm doin' great
But I think I'm doin' well
That devil's gonna have to wait
'Cause I've just got back from hellWell, I just got back from hell
And I guess to tell the truth
Well, I've been mad at everyone
Including God and youWhen you can't find no one to blame
You just blame yourself
And I know I'll never be the same
I just got back from hellForgive me if I had any part
If I ever broke your heart in two
Forgive me for what I didn't know
For what I didn't say or do
And God, forgive me as well
'Cause I just got back from hellWell, I've just got back from hell
And I need to make some plans
It's the last thing that I wanna do
But I'll do the best I canI'm gonna learn to live again
But I think I'll sit a spell
Tell the world that I'm alive
And I've just got back from hellI can't say that I'm doin great
But I think I'm gettin' well
Gonna let the world know I'm alive
And I just got back from hellAnd I just got back from hell
I just got back from hell
Got back from hell
