

Don't You Know

Atomic Kitten

Don't you know
Don't you know
Don't you know
Don't you know
I don't wanna be alone
But I don't wanna be in love
No, I don't wanna be a fool for you
Don't you know
I don't wanna hear you say
Yours has gotta be the way
You only do the things you wanna do
All my days and all my nights
Sit up pouring is this right
Will you only take me for what you want
When you whisper in my ear
You make my problems disappear
Sometimes I don't know where you're coming from
I feel my senses turn around
Can't believe the love I've found
Then I ask myself can this be wrong
Don't you know
I don't wanna be alone
But I don't wanna be in love
No, I don't wanna be a fool for you
Don't you know
I don't wanna hear you say
Yours has gotta be the way
You only do the things you wanna do
Somethings you just can't control
There's no way of letting go
You could let me down, it only takes time
Things I may live to regret
Wishing that we'd never met
Hard to see my way but love's so blind
Yeah, yeah, yeah
Oh, my head is spinning round
Can't believe this feeling now
I wish I knew what's goin' on in your mind
Don't you know

I don't wanna be alone
But I don't wanna be in love
No, I don't wanna be a fool for you
Don't you know
I don't wanna hear you say
Yours has gotta be the way
You only do the things you wanna do
If you want what I want
But I see what you don't
We need some understanding
You gotta let me know
If I want what you want
And you see what I don't
Don't try to be demanding
You've gotta take it slow
Yeah, yeah, yeah
Don't you know
I don't wanna be alone
But I don't wanna be in love
No, I don't wanna be a fool for you
Don't you know
I don't wanna hear you say
Yours has gotta be the way
You only do the things you wanna do
Don't you know
I don't wanna be alone
But I don't wanna be in love
No, I don't wanna be a fool for you
Don't you know
I don't wanna hear you say
Yours has gotta be the way
You only do the things you wanna do
Don't you know
