

# Good Life

## Jesse McCartney

If I were you I'd be taking it easy  
Kick back and relax for a little while  
We'll all still be here tomorrow  
Take time just to act like a little child  
No matter what the world has in store for us  
You got the ring that better get off of us  
Reach out for a comfortable chair  
Rejoice throw your arms in the air  
'Cause it's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
And if your boss is giving you pressure  
Let go, take a breather in the park  
You've got to find out what's your pleasure  
In time you'll be singing like a lark  
Pretty soon your sorry will chime for all  
Somebody will heed your call  
Reach out for a comfortable chair  
Rejoice throw your arms in the air  
'Cause it's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
Trade in some misery  
For some tender lovin' care  
Cast aside those cloudy days  
Crushes are hard to bear  
Make up your mind  
Or get a whole new lease on life  
Reach out for a comfortable chair  
Rejoice and throw your arms in the air  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'  
The good life's slippin' away  
It's a good life so why y'all trippin'
