Earth Vs. Me

Powerman 5000

Come on now, that's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me, check it out
That's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me, check it out
Tales of an ordinary madness who's to blame
I mean for all the sadness could it be the
Enemy within or just them, yeah, yeah
I blame them
Who is the one that's kickin' your ass
Who is the one that's on your back
Stabbin' the soul twister
Turn your miss into a mystery
I see that's the way it's gotta be
The earth Vs. me
Well, I can dig it, yeah, I'll rise above it all
Never, never, never takin' the fall
Well, that's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me
That's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me, check it out
Well, the thoughts that I think are paranoid
The thoughts that I think I can't avoid, yeah
I swear they're out to get me but get me not
'Cause I'm ready for the fight see
Trapped in a conscious state of mind of separation

Stickin' to kickin' the facts from the songs of Alienation
Trapped in a conscious state of mind of separation
Stickin' to kickin' the facts from the songs of Alienation
Stickin' to kickin' the facts, stickin' to kickin' the facts
Stickin' to kickin' the facts from the songs of Alienation

Some people were meant to be left alone
Motherfucking, yeah, so step off
That's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me
That's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me
Come on
Come on
Come on
That's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me
That's the way it's gotta, that's the way it's gotta
That's the way it's gotta be, yeah, yeah
That's the way it's gotta, that's the way it's gotta be
The earth Vs. me
The earth Vs. me
The earth Vs. me
The earth Vs. me
The earth Vs. me
...
