Falling For You

Kelley James

I cant get you off my mind
Im stealing time to keep this feeling
You walk around in all my dreams
And I just can conceal itYou on my mind tonight
You on my mind
In time it must repeat
Dont give it all awayAnd all I know is this one thing
That Im falling for you
And all I have is secrets
That I just want to give
And I have gone a thousand miles
Just to let you know
All I know is this one thing
That Im falling for youYoure such a pretty sight in city lights
Its so confusing
You wait around
But what you find is never worth pursuing
You are my life tonight
You are my life
Without you Im not breathing
Dont give it all awayTheres something that I
Really gotta say to you
Im hoping that I could be the one
That you need in your life
When you lie in bed at night, awake
