Wishing on Stars

Essie Thomas

So ease your mind
While youâ€™re soothing your soul
And youâ€™re losing time
As your story unfolds
Take both your hands
When youâ€™re taking hold
Push the lines
Break the mould

*

Weâ€™re wishing on stars
It isnâ€™t hard
But oh, donâ€™t you change
Or forget who you are

So weâ€™re chasing dreams
Of these distant memories
And see where chasings streams
To see where your heart might lead
Youâ€™re taking leads
To feel the crash landing

*

Weâ€™re wishing on stars
It isnâ€™t hard
Oh, donâ€™t you change
Or forget who you are

ohhh

So drink it down
To the empty cup
It was never half full
Simply wasnâ€™t filled up
But one day youâ€™ll find
You might decide
There was just enough

ohhh

â€¦

*

Weâ€™re wishing on stars
It isnâ€™t hard
Oh, donâ€™t you change
