

Lock The Doors

Web Spitter

(chorus)

Lock the doors
and board the windows
so that nobody knows
where we are,
we are hiding from the world!

(verse1)

Take me with you
because im floating down a rabbit whole.
ripper guide me
and let me sail my spirit home.

(pre-chorus)

Twisting silence

into words sing with me.

spill your secrets

sing with me.

(verse2)

spirit sing!

sing your song!

sing your song for me!

melody calls out for shadows.

cant you hear them going on?

(bridge)

stay with me soul

so i wont be lonely.

swallow hope

so i wont go hungry.
