

Violent Dreams

Die Happy

Sun is getting down
Shadows get bigger
Mean noises around
The air tastes bitter Pictures start to move
They make bad faces
Bats are flying 'round
In fast races The moon is greeting me
But I can't see it
The bad spell is here
And I sure can feel it Creatures 'round my bed
I can hear them mumble
Their eyes shine red
And they stumble I don't wanna die Scare me every night
Against you I will fight
'till the sun will rise
I'm living this hell
Violent dreams And when it's light
The deamons taking flight
Out of mind and sight
I'm rid of this spell
Violent dreams Sun is rising up
Shadows get thinner
After last night
I am the winner This night isn't better
I don't wanna stay here
Why should it matter
My visions are queer Cold sweat on my skin
My heart is beating
Might have been a sin
'Cause my hands are bleeding It's been already years
Since it first happened
All I have are tears
And no weapon Go away bad ghost
Disappear
You don't make me feel any fear
I do not give a damn 'bout you
What did I do to you?
