

# Way That U Do

## Snow

Nobody else can own nobody can control me  
Baby love the way that you do  
There is nobody else in-a my life that can hold me  
Baby love the way that you do  
Nobody else can own nobody can control me  
Baby love the way that you do  
There is nobody else in-a my life that can hold me  
Baby love the way that you do  
Hey pretty baby I'm a glad ya call  
'Cause ya know ya drive me crazy been climbing up the wall  
I'm sending my Mercedes get your over hall  
I'm a keep da music pumpin', tonight the party's rockin'  
Can't wait to see ya lady, ya know ya got it all  
Got my crib clean and ready fresh sheets and all  
Crystal flowin' steady candle lights installed  
I'm a keep da music pumpin', tonight the party's jumpin'  
Nobody else can own nobody can control me  
Baby love the way that you do  
There is nobody else in-a my life that can hold me  
Baby love the way that you do  
Nobody else can own nobody can control me  
Baby love the way that you do  
There is nobody else in-a my life that can hold me  
Baby love the way that you do  
My little hottie I'm a take you out and make ya move ya body  
'Cause ya know what were about  
We'll take a trip to Bali ya know there is no doubt that  
I'm a keep da music pumpin', tonight the party's rockin' now  
Ya have me baby I'm inna love zone  
If I don't have you near me I'd rather be alone  
And if for some strange reason you can't make it home  
I'm a keep da music pumpin', tonight the party's jumpin' now  
Nobody else can own nobody can control me  
Baby love the way that you do  
There is nobody else in-a my life that can hold me

Nobody else can own nobody can control me
