

The Game

Kelly Rowland

Make your play, make it count today
Have your seat, fight for change What doesn't kill you will make you strong
Face to face with the eye of the tiger
You're a soldier ready for war
Like a Phoenix, keep rising higher Don't let them break you down
Don't let them see you fall
The only time is now
Get up and dust it off Go for the sky, keep rising high
United we stand
Yes we can, yes we can, yes we can
The game, the game
The game, the game
The game, the game
Make your play
Make it count today
The game, the game
The game, the game
Have your seat fight for change
The game will play itself without you
Use your voice, use it and use it good I had a dream, I have a dream
Do you have a dream? Never lose cause we in it to win
Day and night don't stop 'til it's over
Eye on the prize 'til the finish line is
Yeah, I can feel it, we're getting closer Don't let them break you down
Don't let them see you fall
The only time is now
Get up and dust it off Go for the sky, keep rising high
United we stand
Yes we can, yes we can, yes we can
The game, the game
The game, the game
The game,
Make your play
Make it count today
The game, the game
The game, the game
Have your seat fight for change
The game will play itself without you
Use your voice, use it and use it good I had a dream, I have a dream

Do you have a dream?The game, the game
The game, the game
Make your play
Make it count today
The game, the game
The game, the game
Have your seat fight for change
The game will play itself without you
Use your voice, use it and use it goodI had a dream, I have a dream
Do you have a dream?The game, the game
The game, the game
