Black Eyes

Amy Meredith

I'm awake,
You didn't kill me tonight
You didn't kill me tonight
I hope you don't let me down, this time

I free myself from this fight
I try to swallow my pride
There's a gleam in my eye but its only in my mind

When anxiety, fills with jealousy,
It takes control over my head space
I never asked you to stay
And you kept me waiting for something more
And I never say that I never gave it the time
You are the wasted thoughts and the pain in the back of my mind

Black eyes, your sweetness tastes divine
Endearing and I'm still spiggering,
Am I in your head space?

I never asked you to stay
And you kept me waiting for something more
And I will say that I never gave you the time
You are the wasted thoughts and the pain in the back of my mind

When anxiety, fills with jealousy
It takes control of my head space
And I never asked you to stay
And you kept me waiting for something more
And don't let me say that I never gave you the time
You are the wasted thoughts and the pain in the back of my mind
