

# Sorry

## The Moth & The Flame

I'm sorry for everything I've done

And I'll no sooner lay down

Than I'll be anything I'm not

I don't question the rules

I answer for themAhI'm sorry for everything I've done

And I'll no sooner lay down

Than I'll be anything I'm not

I don't question the rules

I answer for themAhDid you think your heart could change my mind

Did you think your heart could save my lifeHow is it we were always runnin' out of love but never walked away

How is it we were always runnin' out of love but never walked away

How is it we were always runnin' out of love but never walked awayDid you think your heart could change my  
mindSorry

Sorry
