

Free Love

Elmaroe

She moves so quick, she moves so fast
She moves so quick, she make the good times last
She said that even in the mornin' said you know it's on
 Even in the mornin'
 Free love, free love
 Free love, free love, love, love, love
 She like it rough, she bendin' bones
 She starts a screamin' when she's ready to go
She said that even in the mornin' said you know that it's on
 Even in the mornin'
 Free love, free love
 Free love, free love, love, love, love
 Pretty girl, come with me, two on two, three on three
 Passion is the flavor climbin' up this tree
 Make a fuss, move around, keep it on the underground
 Just beneath the covers I can see the sea
 She knockin' knees so full of pride
 She make the move 'cause she's got nothin' to hide
She said that even in the mornin' said you know that it's on
 Even in the mornin'
 Free love, free love
 Free love, free love, love, love, love
 Free love, free love
 Free love, free love
 Free love, free love
 Free love, love, love, love
 Love, love, love, love, love
 Free love
