

# DNA (Alex Metric Remix) [Preview]

## Empire of the Sun

Oh, didn't matter where we lie  
Back in spring of '79  
There were no rules to feel sublime  
Let's trek down the path We slept to the radio  
Gentle as my heart beats now  
Turn up the fuse all over again, my friend Just to take me away Rewind, be my DNA  
Don't wanna fade away  
Rewind, there's no yesterday  
It's our discovery  
Dreamtime, it's a special place  
Let's keep each other awake  
Our hearts, now they beat the same There is a thread that runs along  
The seam of all the paths we've crossed  
A colour wheel that spins around  
Weave all into one  
The price of getting setting suns  
We're running to the beat of the drum  
We are the creatures, rays and larks  
Relax Just to take me away Rewind, be my DNA  
Don't wanna fade away  
Rewind, there's no yesterday  
It's our discovery  
Dreamtime, it's a special place  
Let's keep each other awake  
Our hearts, now they beat the same  
Take me away  
So far away  
No-one will find us  
On our own island  
Just out of choice  
The dreamer fought the battleship away  
It's over the horizon Voices inside of us to guide us on  
Guiding us on (can't you hear us calling you)  
Can't you hear us calling you  
Can't you hear us calling you Rewind, we were DNA  
Don't wanna fade away  
Rewind, there's no yesterday  
It's our discovery  
Dreamtime, it's a special place

Let's keep each other awake  
Our hearts, now they beat the same
