

Sanctuary

[Todd Dulaney](#)

Let my heart be a Sanctuary
Let my mouth be filled with praise
Let our songs be never ending
Let our lives exalt Your name We were created in Your image
Made in the likeness of who You are
We're joined with the Angels and all of creation
Singing as one to praise You God So let my heart be a Sanctuary
Let my mouth be filled with praise
Let our songs be never ending
Let our lives exalt Your name Let my heart be a Sanctuary
Let my mouth be filled with praise
Let our songs be never ending
Let our lives exalt Your name
I want to be cleansed inside
Clean for You Lord
Every breath, every step I'll pour out
On an altar of Grace
My life is found Every breath, every step I'll pour out
On an altar of Grace
My life is found Every breath, every step I'll pour out
On an altar of Grace
My life is found Every breath, every step I'll pour out
On an altar of Grace
My life is formed Every breath, every step I'll pour out
On an altar of Grace
My life is formed
Every breath, every step I'll pour out
On an altar of Grace
My life is formed Let my heart be a sanctuary
Let my mouth be filled with praise
Let our songs be never ending
Let our lives exalt Your name
Let our lives exalt Your name
Let our lives exalt Your name.
