Look What Happened

Less Than Jake

And I swear it's the last time and I swear it's my last try

And we'll walk in circles around this whole block

Walk on the cracks on the same old sidewalks

And we'll talk about leaving town, yeah we'll talk about leaving

I swear it's the last time and I swear it's my last tryWe rode across that bridge all night

We talked our way through city lights

Traced all the lines we're killing time

Under those buzzing signs

From downtown to anywhere but hereTonight yeah I swear to these rooftops

And just hoped that car would never stopAnd I swear it's the last time and I swear it's my last try

And we'll walk in circles around this whole block

Walk on the cracks on the same old sidewalks

And we'll talk about leaving town, yeah we'll talk about leaving

I swear it's the last time and I swear it's my last tryWe drove around this place all night

Past closed signs and familiar sights

We're moving by passing time

Counting those center lines

With 20,000 lines left to goThat lead to somewhere I don't know

It might be the time that we leave this all behindAnd I swear it's the last time and I swear it's my last try

And we'll walk in circles around this whole block

Walk on the cracks on the same old sidewalks

And we'll talk about leaving town, yeah we'll talk about leaving

I swear it's the last time and I swear it's my last tryAnd there's been a few times

That we, we thought it felt right

To take the westbound signs

And just leave town tonightAnd I swear it's the last time and I swear it's my last try

And we'll walk in circles around this whole block

Walk on the cracks on the same old sidewalks

And we'll talk about leaving town, yeah we'll talk about leaving

I swear it's the last time and I swear it's my last try I swear it's my last try

And we'll talk about leaving town

Yeah we'll talk about leaving town
