# Bella Linda

## The Grass Roots

Bella Linda try and understand,
Bella Linda Im doing all I can,
Bella Linda Im only what I am.Its so hard for me to say the things I really feel.
If I could Id take away the pain your eyes reveal,
the pain your eyes reveal.
Foolish things that Ive done,
the times that I let you down.
And Ill never change, believe me Ive tried,
if you go away you know that Ill die.
Oh, I love you please dont say good bye.Bella Linda try and understand,
Bella Linda Im doing all I can,
Bella Linda Im only what I am.Weve had bad times through the years
and though Ive made you cry,
think of me through tender tears
and try to close your eyes and try to close your eyes.
Thoughtless that I do,
the things that dont come true.
Cause Ill never change, believe me Ive tried,
if you go away, you know that Ill die,
Oh I need you please dont say good bye.Bella Linda try and understand,
Bella Linda Im doing all I can,
Bella Linda Im only what I am.Bella Linda try and understand,
Bella Linda Im doing all I can,
Bella Linda Im only what I am.
Bella Linda.
