

Lilac In Hand

Amen Dunes

Oh cousin Betty
Move like a shadow
Move like a shadow
And fetch me.It takes a salted hand
To fetch a pretty man
To get him down
To kiss me.There's a time and a place
For all your style and taste
The sick and the sad
Don't touch me.Lilac in hand
HesitationThere's a time and a place
For all your style and taste
The sick and the sad
Don't touch me.Lilac in hand
HesitationOh cousin Betty
Yeah move like a shadow
Move like a shadow
And fetch me.
