

Solid

The Dandy Warhols

Well I must have a door
In the back of my head.
Where I dump out all the crap
So I can just feel solid again.
No more sittin' around
Thinkin' about your hair,
'Cause I must have a door
In the back of my, back of my head.
Yeah.

I got a beautiful
New Asian girlfriend.
She comes over and hangs
Around for days in my bed.
You can't seriously believe
I'm thinking about you man.
'Cause I must have a door
In the back of my, back of my head.

Well it's a brand new day
And I'm walking around old town.
I feel cool as shit cause
I got no thoughts keeping me down.
I'm thinking blah de blah blah blah
To your trip.
'Cause I must have a door
In the back of my, back of my head.
Yeah.

Back of my head,
Yeah I must have a door there.
