

# Lovely Nights

## Marmalade

Lovely nights, quiet nights, golden nights with you  
Love's a dream, evergreen, never seen you blueDon't let your woman down  
Pick her up and make her feel she is somebody  
That's the way to be - wo-hoLovely nights, quiet nights, golden nights with you  
Love's a dream, evergreen, never seen you blueAnd when you fall in love  
Pick her up and make her feel she is somebody  
That's the way to be - wo-ho
