

Bout It (so So Def Remix)

Jesse Powell

[Jermaine Dupri] You know all we know how to do is keep it hot

This is So So

See I'm bout it, bout it

Now is you with it, with it

I don't care how you get your dough

Just get it, get it

See I'm bout it, bout it

Now is you with it, with it

I don't care how you get your dough

Just get it, get it, get it

[Jesse] Girl I've been longing to make love to you

Now we're alone so if you're in the mood

I will hold you, caress you

And slowly undress you

Girl that's what I wanna do

Well that's what I'm gonna do

1 - Don't you, don't you know

I'm bout it

If you ain't heard about me

Just remove that coat

I'mma break you off

No doubt girl is you ready

Girl is you ready

I can take places you've never known before

I know you think you know it baby

But let me show you more

I mean girl I'm gonna satisfy the woman inside of you

That's what I wanna do

And that's what I'm gonna do

Repeat 1 (2x)

Coming from 60-644

Keep me, B-R-A-T

You ain't heard about me

I'm the most shit poppin' dis

Ain't no stoppin' it's

Dolla, after dolla

It's holla when you need a hit

So So Def is the clique I claim

Westside when I ride, come equipped with game
In it quick, 2000 bounce with no range
You hate cause y'all wish y'all was doing the same
Without the 20 twin-twin's I don't operate right
So somebody, anybody pass me a mic
I rock for the thug, niggas that sell drugs
Ladies in the club that shake it for the paper
Those who take new whips and fill them up with speakers
I hate the word cheaper
I love new sneakers
I'm bout it
You wanna test me? Undress me
The remix with Brat, JD, and Jesse
Repeat 1 till end
