

Tearing Me Apart

Agent Orange

I've seen it all before, time and time again
As close as I would ever dare to be
And yet without a doubt I will disagree
The sudden truth is no surprise to me I know there is no easy way, I've said it from the start
Sometimes you've got to live the life and feel the pain
I hear a beat inside my head, I feel it in my heart
But just the thought of it is driving me insane
It's tearing me apart, it's tearing me apart I hear a distant voice very far away
I'm silent now, I don't know what to say
I've felt a strong desire to set myself on fire
I don't think that would work for me today I know there is no easy way, I've said it from the start
Sometimes you've got to live the life and feel the pain
I hear a beat inside my head, I feel it in my heart
But just the thought of it is driving me insane
It's tearing me apart, it's tearing me apart again
