

# Higher

## Tommy Lee

check my new jam i'm bringing  
when i'm done with you your ears will be ringing  
i bring the rock hard..slinging bad ass riffs  
that'll cut you til you're stinging  
all frequencies are bumping  
when the dust clears the air you'll be feeling  
where am i.. now.. cause i'm spinnin so damn nauseous  
that i knocked myself unconscience  
all my peoples in the pit let me see you jump.. higher.. higher  
never ever gonna quit let me see you jump.. higher.. higher  
let's bring this motherfucker down.. don't give a shit.. higher.. higher  
all my peoples in the pit let me see you jump  
everybody's gonna get redick now no way to stop the flow let's go.. get your jump on

can you feel the beats up in this... and the bass is so infectious  
swirlin turnin slammin.. how in the hell did I ever even get in  
swirlin turnin slammin.. so fuckin lost that i can't even listen  
all my peoples in the pit let me see you jump.. higher.. higher  
never ever gonna quit let me see you jump.. higher.. higher  
let's bring this motherfucker down.. don't give a shit.. higher.. higher  
all my peoples in the pit let me see you jump  
all my peoples in the pit let me see you jump.. higher.. higher  
never ever gonna quit let me see you jump.. higher.. higher  
let's bring this motherfucker down.. don't give a shit.. higher.. higher  
all my peoples in the pit let me see you jump
