Die By The Drop

The Dead Weather

Let's dig a hole in the sand, brother
A little grave we can fill together
I got myself a problem
That I been looking to sell
Some people die just a little
Some people die just a little
Sometimes you die by the drop
Sometimes you die by the drop
Some people die in the middle
Some people die in the middle
I live just fine on the top, hey
I'm gonna take you for worse or better
I'm gonna make you for worse or better
I'm gonna take you for worse or better
To my little grave
I never said we was equal
I never said we was equal
I never wished to be saved
I never wished to be saved
If I'm a problem then preach on
If I'm a problem preach on
Let's dig a little grave
I'm gonna take you for worse or better
I'm gonna make you for worse or better
I'm gonna take you for worse or better
To my little grave
Let's dig a hole in the sand, brother
Starve off the land for worse or better
Get right down to the bottom
If one goes I'll do the other
Some people die just a little
Some people die just a little
Sometimes you die by the drop
Sometimes you die by the drop
Some people die in the middle
Some people die in the middle
I live just fine on the top, yeah
I'm gonna take you for worse or better
I'm gonna make you for worse or better

I'm gonna take you for worse or better
To my little grave
I'm gonna take you for worse or better
(To my little grave)
I'm gonna make you for worse or better
(To my little grave)
I'm gonna take you for worse or better
(Take you for worse or better, worse or better)
To my little grave
