Take You High

CB Milton

Girl I want you
Right where you are
Just hold it there don't move
My shining starYou must not know
Exactly what you mean to me
So deeply, completely you got me
And I'm needing your love, loveWhen you're feeling lonely
And you need someone to love you babe
You can always trust me
'Cause baby I can take you highWhenever you need me
Girl it can be just you and I
'Cause girl you are so lovely
So tell me can I take you high, high, highI've been meaning to tell you goodbye
But I can't seem to let you go
Girl I thought it was just a fling
Now what we have is so beautiful ohhWe were keeping it on the low
And now I don't care if anybody knows
That I love you so deeply, completely
I gotta tell you so noWhen you're feeling lonely
And you need someone to love you babe
You can always trust me
'Cause baby I can take you highWhenever you need me
Girl it can be just you and I
'Cause girl you are so lovely
So tell me can I take you high, high, highSo lovely your love
You've inspired my heart
When you kiss me I blush
Feels like I'm in heaven
When we touch 'cause you are so muchWhen you're feeling lonely
And you need someone to love you babe
You can always trust me
'Cause baby I can take you highWhenever you need me
Girl it can be just you and I
'Cause girl you are so lovely
So tell me can I take you high, high, highWhen you're feeling lonely
And you need someone to love you babe
You can always trust me
'Cause baby I can take you highWhenever you need me
Girl it can be just you and I

'Cause girl you are so lovely
So tell me can I take you high, high, high
