

24 Hour Party People

Happy Mondays

How old are you? Are you old enough?
Should you be in here watching that?
And how old are you? Are you owning up?
Should you be in here with? Twenty four hour party people
Plastic face can't smile the white out
With the twenty four hour party people
Plastic face can't smile the white out You come, beaten
So why don't you join in?
You come, beaten
So why don't you join in with? Twenty four hour party people
Plastic face can't smile the white out
With the twenty four hour party people
Plastic face can't smile the white out I can see you through the door
You been chewing bread and water
And there's a grudge on you
You know not ought not to have You've been running around the racetrack
You've been running around the racetrack
Put that mudder to bed to bed
Put that mudder to bed With the twenty four hour party people
Plastic face can't smile a white out
'Cos I have to wait for you to conduct Press the pause of the self destruct
With the twenty four hour party people
Plastic face can't smile the white out
With the twenty four hour party people Now better, you're the white out
I need full-time, I don't need part-time
I need 1, 2, 3, 4, 5, 6, 7, 3, 6, 5 all the time
I need 1, 2, 3, 4, 5, 6, 7 third time
I don't need a part-time, I need a 3, 6, 5
Oh, no days off Twenty four hour party people
Plastic face can't smile the white out
I need 1, 2, 3, 4, 5, 6, 7, 3, 6, 5 all the time
I need 1, 2, 3, 4, 5, 6, 7 third time
I don't need a part-time, I need a 3, 6, 5
