

Clinic

Marty Casey & Lovehammers

It's a clinic, and I'm in it
Is it a race? Am I winning?
And I can't hide, from what's inside
Is it the end? Is it the beginning? I'm not afraid to run
I'm not afraid to fly, with you
Never giving up
I'm never gonna quit it
'Cause I like the way I'm living
Never gonna quit Life in a coma, let me out
Living life in a coma, let me out It's a clinic, I admit it
This is my life, never quit it Well, I build a wall just to watch it fall
Knocked to my knees, I begin to crawl
I feel the building of this anger, it's rising up I'm not afraid to run
I'm not afraid to fly, with you
Never giving up
I'm never gonna quit it
'Cause I like the way I'm living
Never gonna quit Life in a coma, let me out
Living life in a coma, let me out Life in a coma, let me out
Living life in a coma, let me out I'm not afraid to run
I'm not afraid to fly, with you
Never giving up
I'm never gonna quit it
'Cause I like the way I'm living
Never gonna quit Life in a coma
Living life in a coma, let me out Living life in a coma, let me out
Living life in a coma, let me out Come, let me out, life in a coma
Come, let me out, life in a coma
Come, let me out
Out, out, out, out, out, out
